## INSTRUCTIONS FOR REQUESTING COMPLETED PATIENT TEST RESULTS

Laboratory test results are issued only to the person on whom testing was performed, to the person who consented to have the testing performed, or if under 18, to a parent/guardian, or the person authorized by the patient to receive the results. The laboratory reserves the right to contact the ordering provider/submitter as needed to verify the authority and identity of the person requesting the laboratory test result.

The laboratory has up to 30 days from the time the request has been received to provide laboratory test results. This allows time for the provider to review the results and provide treatment, if required.

**THE LABORATORY IS NOT RESPONSIBLE FOR INTERPRETING LABORATORY TEST RESULTS. If you have questions about the results, contact your medical provider.**

In order to provide your results, we must verify your identity to ensure that we are not violating healthcare privacy laws.
