

LABORATORY JEDI: The Force Behind Public Health

Saturday, June 4, 2016 • 12:30–4:30 pm

Awaken your scientific curiosity by experiencing the power of laboratory science! Come explore your inner geek through hands-on lab activities, receive a tour of the lab and learn about awesome careers in public health. Join your galaxy heroes at the state public health laboratory for an amazingly entertaining and informative day.

Parents — you're invited too! Take a tour of the state-of-the-art Scientific Laboratory Division and watch live demonstrations of a number of laboratory functions. Light refreshments will be served.
