# Collaborating Across States to Improve NBS Timeliness: An Overview of the CollN for Timeliness

Yvonne Kellar-Guenther, PhD
Colorado School of Public Health

Funded through cooperative agreements from Genetic Services Branch of the Health Resources and Services Administration (HRSA)

NewSTEPS: APHL (#U22MC24078 - Ojodu)

NewSTEPs360: ColoradoSPH (#UC8MC28554 - Sontag)

# Thank you to our amazing CollN Teams!

Arizona

California

Colorado/Wyoming

Iowa

New Hampshire

Tennessee

Texas

# What is CollN?

- 15 month Continuous Quality Improvement (CQI)
   Projects
- Learning collaborative
  - Applied to take part
  - Focused on Quality Improvement
  - Sharing lessons learned, ideas, and resources
  - Use of technology to enable collaboration
- States met monthly and also with own state teams
  - Teams were interdisciplinary often including lab, follow-up, and hospital representative

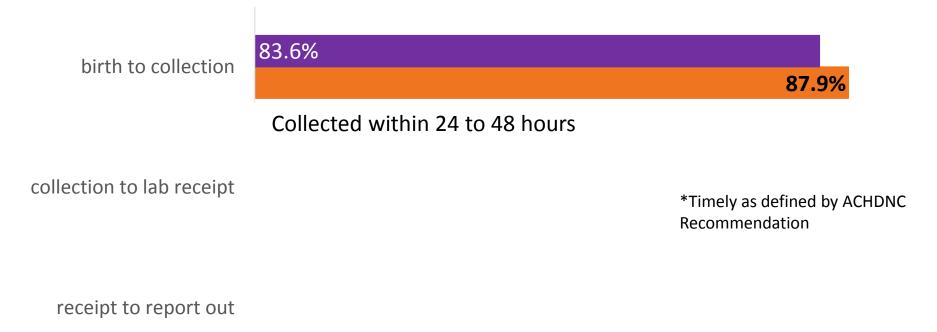

## **Our Goal**

Improve timeliness from time of birth to report out of newborn screening findings

# Changes in Median Percent January to December 2015

birth to report out

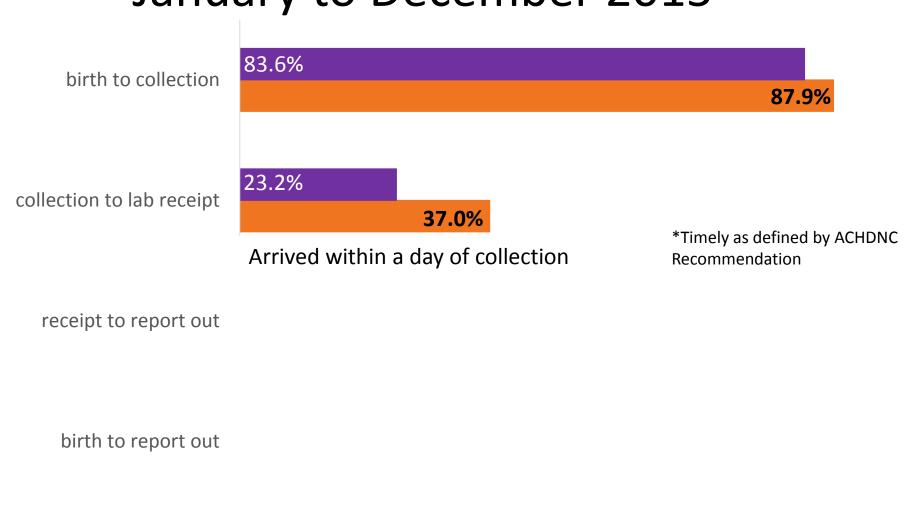

■ Jan 2015 Median % timely

■ Dec 2015 Median % Timely

# Changes in Timeliness Median Percent January to December 2015

■ Jan 2015 Median % timely ■ Dec 2015 Median % Timely

# Changes in Timeliness Median Percent January to December 2015

# **State Activities that Improved Timeliness**

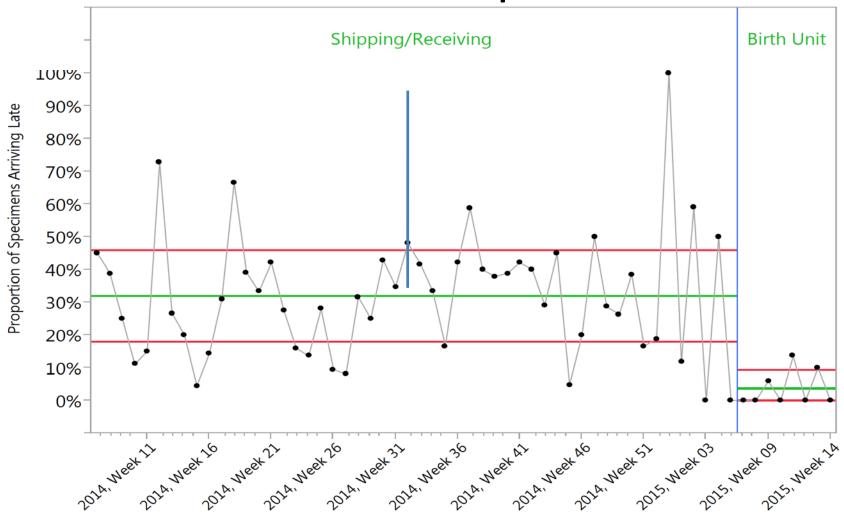

# **CollN State Activities Included:**

- Working with hospitals on ideal pick up location
  - The mean proportion of specimens arriving late changed from 31.9% to 3.7%.

# New Hampshire – Changed Pick Up Location at Hospital

# **CollN State Activities Included:**

- Creating reports for hospitals to track progress
  - Some states choose transparent reporting
- Educating hospital staff
  - Timeliness recommendations
  - Why timing is important

# **lowa - Hospital Education**

Lacoratory at The University of Iowa

#### Timeliness in Newborn Screening Report

2015-02-01 to 2015-02-28

Count: 31

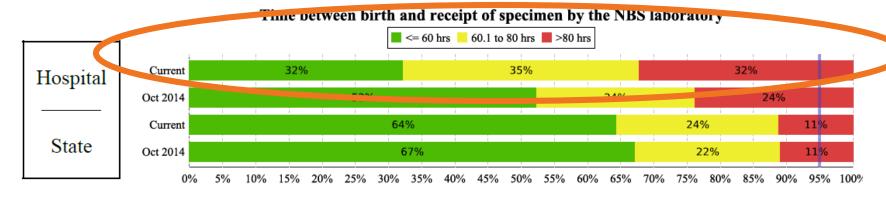

Iowa Laboratories Complex

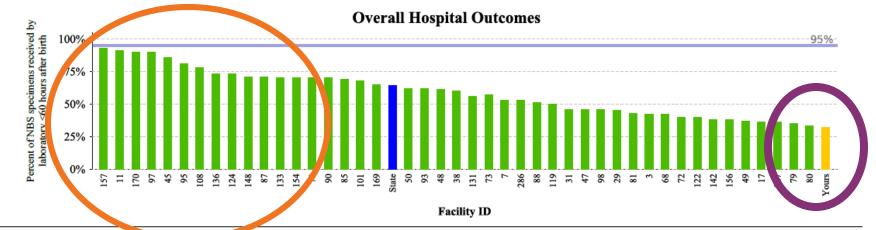

A project of the Iowa Collaborative Improvement & Innovation Network (CoIIN) to improve timeliness in newborn screening

Hospital: Facility ID: 99

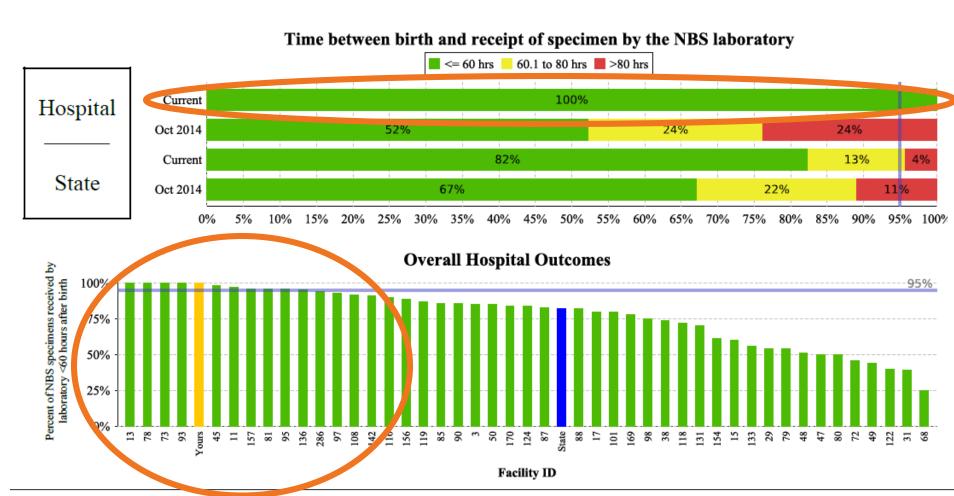

Printed Date: March 01, 2016

GOAL: By March 2016, <u>95 percent</u> of specimens will be received by SHL within 60 hours of birth.

# Iowa -Same Report 1 year later

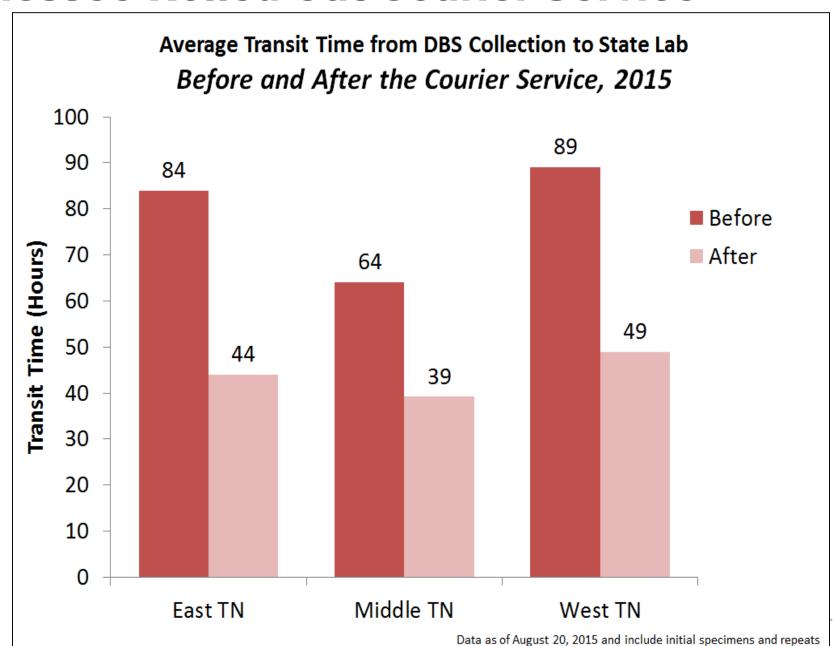

# **CollN State Activities Included:**

Implementing or expanding courier service

### **Tennessee Rolled Out Courier Service**

# **CollN State Activities Included:**

- Changing laboratory operating hours
  - receive specimens and/or test samples on weekends

# **Top 10 Lessons Learned**

### Where Do We Go From Here?

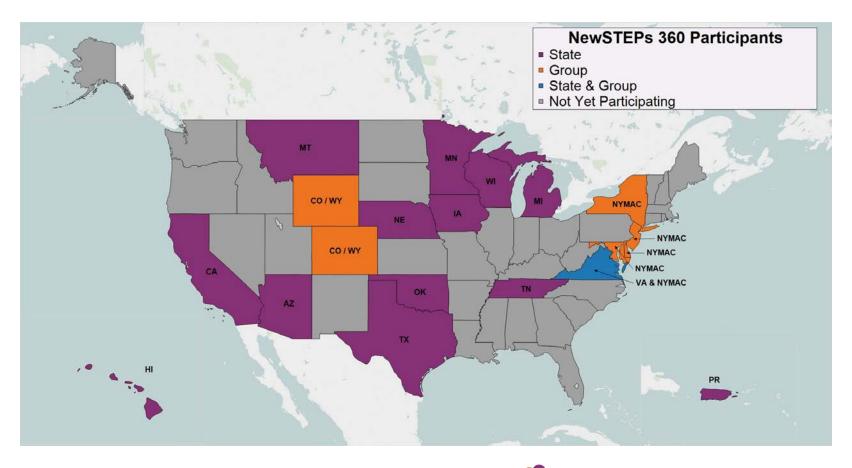

Goal: To achieve timely reporting of results in 95% of newborns who receive dried-blood spot (DBS) newborn screening within each state participating in NewSTEPs 360 by August 30, 2018.

# **NewSTEPs 360 Overview**

### **NewSTEPs 360 Overview**

- Many projects are focused on:
  - Creating HIT Solutions: Order entry or results reported
  - Improving education to many different groups
- States receive
  - Financial Assistance
  - Training on Continuous Quality Improvements (CQI)
  - CQI Coaching
  - Sharing resources
  - Monthly calls
  - Analysis of real time data
- For more details <a href="https://www.newsteps.org/newsteps-360">https://www.newsteps.org/newsteps-360</a>

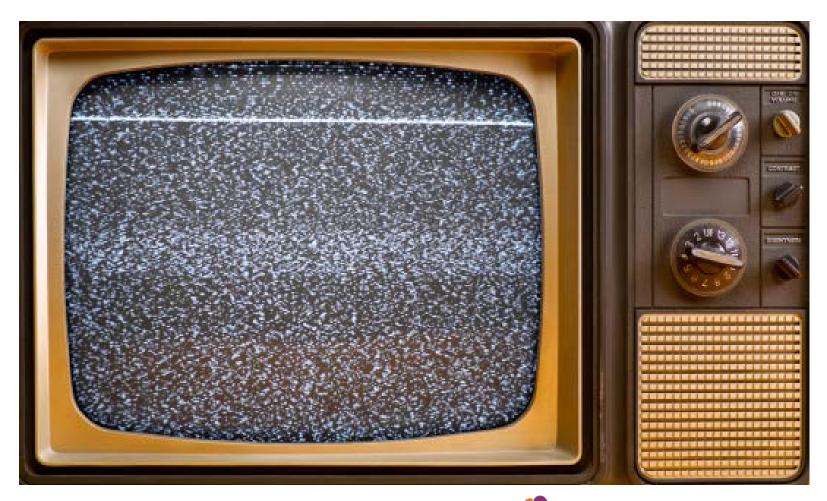

### **NewSTEPs 360 Overview**

- Newborn Screening Community will get:
  - Sharing of best practices and developed resources
  - Identification of promoters of timeliness
  - Identification of barriers of timeliness
  - Building and strengthening relationships

# So Stay Tuned....
